CONTRIBUTION TO CLARIN GOALS

• A follow-up to the CLARIN-PLUS cross-disciplinary workshop “Working with parliamentary records” in Sofia, Bulgaria (March 2017).
• **Goal 1**: a better harmonization, interoperability and comparability of the resources and tools relevant for the study of parliamentary discussions and decisions, not only in Europe but worldwide.
• **Goal 2**: facilitating collaborations between Digital Humanities and Social Science researchers who use parliamentary corpora for historical, political, and sociological research and experts who create and annotate them.

THE WORKSHOP

• **Organizing committee**: Darja Fišer, Franciska de Jong, Maria Eskevich; **29** workshop participants
• **13 presentations** in **4** thematic sessions, focusing on:
  • Creation and annotation of parliamentary data in the textual and spoken formats
  • Annotation standards for parliamentary corpora
  • Accessibility, querying and visualization of parliamentary data
  • Text analytics, semantics processing and linking of parliamentary data
  • Digital Humanities and Social Sciences Studies based on parliamentary corpora

• **Keynote talk** “Applying Multi-Perspective Approaches to the Analysis of Parliamentary Data”
  **Speaker**: Professor Cornelia Ilie, Strömstad Akademi, Sweden
• **Panel discussion**: “Infrastructural Support for Research on Parliamentary Data”
  **Panelists**: Jan Odijk, Andreas Blätte, Federico Nanni, Cornelia Ilie
