### Background and motivation

- VideoLectures.NET is an award-winning free and open access educational video lectures repository that currently contains over 23.000 videos by almost 15.000 lecturers
- The portal is aimed at promoting science, exchanging ideas and fostering knowledge sharing by providing high quality didactic contents not only to the scientific community but also to the general public
- By adding CLARIN videos to the portal, we aim to increase the visibility of the CLARIN infrastructure and events
- CLARIN videos are synchronised with the slides, subtitling in 5 European languages is also possible
